

TSB

Tractors up to 150 hp

High body, NZ-spec general purpose mulcher for pasture topping, gorse, scrub and general mulching. Built for high output with a high-speed rotor, double skin chassis and long skids for following the contour of the ground.

FEATURES

- High clearance for high output, easy to drive
- High speed 2,300 rpm rotor
- 60 mm stub shafts
- Double skin chassis for rigidity and protection
- Drop forged flail lugs
- 10 mm 'Y' flails
- Heavy duty RHS A-frame headstock
- Long, heavy duty skids for ground contour tracking
- Double row self-aligning bearings, fully enclosed in the rotor
- Pre-chamber creates a venturi effect for cleaner cutting
- Open back for high discharge, short adjustable tailgate
- Over-run clutch in the gearbox

OPTIONS

- Rear roller
- Rear semi-swivel wheels
- Centre flails
- 'T' hammers
- Longer tailgate
