

Folding Power Harrow

Tractors 150 - 450 hp

Folding power harrow from 4 m to 8 m wide for high horsepower tractors. Built for big country with a fully welded geared and 15 degree rotor timing to cut horsepower demand and fuel use.

FEATURES

- Fully welded geared for rigidity
- 15 degree rotor timing reduces horsepower demand and fuel use
- Optional stone protection system reduces rotor wear and jamming
- Optional quick release tines for faster maintenance
- Hydraulic folding for transport

OPTIONS

- Cage, packer or customised rollers
- Hydraulic depth adjustment
- Cam clutch
- Rotor protectors
- Oil cooler
- Quick fit tines
- 400 mm potato tines
- Tungsten coated tines
